## CLEVELAND PARK BILL

Passed in the House Over the Heads of the Cuyahoga Delegation.

STIRRING SCENES ON THE FLOOR.

The Bill to Place Franklin County in a Congressional District by Itself is Kept Alive in the Senate.

Columbus, O., April 18.—The legislative storm burst out afresh in the house when the Cleveland park bill came up. The first intimation of trouble was after the reading of the journal of Thursday, Mr. Brumbaugh having made an attempt to correct what he declared to be errors. His objections were ignored and the speaker announced that in the future he would not tolerate any dilatory tactics and would only recognize motions and demands made in good faith.

Matters moved along quietly until the board bill was declared to be in order when Mr. Meisel offered an amendment, attaching the referendum. Mr. Meisel made a startling speech in support of his amendment, which was voted down. Then Mr. Thomas moved the previous question while Mr. Stage was making a sonorous but vain effort to get recognition to offer another amendment. Mr. Thomas withdrew his previous question motion, but as soon as the Stage amendment was read he renewed it and under a quick vote it carried. The amendment was also lost. Mr. Stage, white with rage, shrieking at the top of his voice "Injustice!" "Cowards," and other similar more or less pleasant greetings to the Republican side. The bill was then passed, and a motion to reconsider lost. Mr. Stage continued his demonstrations until the speaker ordered the sergeant-at-arms to restore order on the floor.

Thus it was that the Cleveland park bill was passed over the head of the Cuyahoga delegation.

When the appropriations bill for 1902 was called up in the house, Mr. Brumbaugh, the Democratic leader, moved that the bill be postponed until the members could have a chance to examine it. He pleaded that the bill to expend over four millions of dollars belonging to the public, and he accused the Republicans of attempting to railroad the bill through. Mr. Cain and other Republican members followed, and accused the Democrats of attempting to block legislation. Chairman Crafts of the committee explained that the appropriations for the state institutions had run out, and pleaded that the bill be allowed to pass so that the wards of the state could be cared for. When the roll was called the bill received only 64 votes of the 74 necessary to pass any bill which provides for the expenditure of money.

In the Senate.

Just before the adjournment of the senate was taken at noon, Senator Harding, the Republican leader, moved a reconsideration of the vote by which the senate had refused to concur in the house amendment to the Patterson redistricting bill making Franklin county a district in itself. A motion to adjourn was made by the Democrats, and this motion was carried, three Republican senators, Archer, Burnham and Moore voting with the Democrats. It was supposed for the time that the redistricting bill had been killed, but reference to the journal showed that when the Patterson bill and Archer game bill were messaged over from the house, Senator Archer had asked for a conference committee on the two bills. The committee on the part of the senate was appointed on the Archer game bill, but Lieutenant Governor Nippert did not appoint the committee on the Patterson bill because of the absence of Senator Patterson. The senate journal shows, however, that a conference was asked for on the Patterson bill within the three days after the senate had refused to concur in the house amendment, and this keeps the bill alive until next week.

The Burnham bill, known as the Hamilton "ripper," was postponed until next Tuesday morning.

The vote by which the board of health bill was defeated was reconsidered, and the measure made a special order for next Tuesday.

Senator Royer introduced a bill providing for an additional allowance of \$5 a day to circuit court judges when holding court in any county other than the one in which they reside.

These bills were passed in the senate: H. B. authorizing a levy of six-tenths of a mill by all municipalities for fire and police pension funds; H. B. amending the law relative to the collection of delinquent taxes so as to do away with the reading of delinquent list as provided for in the pres-

ent law; S. B. fixing the salaries of superintendents of state institutions at \$2,500 annually.

The senate passed the Longworth bill to give the state board of appraisers power to appoint the city boards of review. It is aimed at Tom Johnson in particular and the mayors of Columbus and Toledo also, neither of whom are Republicans.

## THE SHAREHOLDERS

Will Receive Surplus Funds of Chicago World's Fair.

Chicago, April 18.—The \$450,000 which remains in the treasury of the World's Columbian Exposition company probably will be divided next week among the 20,000 shareholders. The last lawsuit against the company has been decided and the board of directors concluded to distribute the money as soon as preliminary work can be accomplished. The dividend, it is estimated, will be about 45 cents a share. Shares were sold for \$10.

## Yerkes' Railroad Scheme.

London, April 18.—During the course of the session of the select committee of the house of lords appointed to inquire into the merits of the various proposed railroad schemes for London, the opponents of some of C. T. Yerkes' plans objected to the introduction of American capital, contending that all orders for the machinery and equipment required for Mr. Yerkes' schemes were going to the United States. Lord Knutsford, a member of the committee, interposed and remarked that the committee did not care whether the capital was American or British, so long as the committee was satisfied that the line would be properly financed.

## Spinal Cord Severed.

Helena, Mont., April 18.—Four physicians who were called in consultation in the case of Thomas Crystal, who was shot last Friday by J. S. Keerl, former president of the Montana Engineers' society, are unanimous in their finding that Crystal's spinal cord was completely severed by a bullet. An injury that usually causes instant death. The physicians declare that it is a most remarkable case.

## Shot By His Bride.

Kingston, Tenn., April 18.—Abraham May, aged 60 years, was shot and instantly killed by his wife, whom he married four months ago. She was Mary Christenberry, aged 55 years. Mrs. May confessed to the killing and stated it resulted from a family quarrel. She is now in jail here. May was a federal veteran and drew a pension of \$12 per month.

## Demand For British Consols.

New York, April 18.—J. P. Morgan & Co., Baring, Magoun & Co. announced that the \$25,000,000 of British consols purchased jointly by them for sale in this country have been oversubscribed fully 10 times. In the opinion of Cecil Baring, applicants are not likely to receive more than five per cent of the amount of their subscriptions.

## Engineer Crushed.

Newark, O., April 18.—Engineer T. S. Osborn was crushed to death beneath his engine and Conductor S. G. Coats had an arm broken in a rear-end collision between two sections of a Baltimore and Ohio freight train at North Newark. Several cars caught fire, but the fire department prevented a serious loss.

## Death of George R. Bentley.

Oskaloosa, Ia., April 18.—George R. Bentley is dead at his home here from dropsy, aged 70. He was one of the builders of the Iowa Central railroad, was largely interested in the development of Iowa coal fields and later successfully operated in Colorado Springs and Cripple Creek mining properties.

## Three Brothers Found Guilty.

Hudson, N. Y., April 18.—The jury in the case of Burton, Willis and Frederick Van Wormer, charged with the murder of their uncle, Peter A. Hallenbeck, returned a verdict of murder in the first degree against all three of the accused.

## To Establish a Regency.

Berlin, April 18.—The Cologne Gazette revives the report of the probable convocation of the Dutch states general in order to establish a regency in Holland on account of Queen Wilhelmina's illness.

## For a Union Station.

Washington, April 18.—At the conclusion of routine business in the senate, consideration of a bill to provide for a union railroad station in the District of Columbia was begun.

## Universal Suffrage Rejected.

Brussels, April 18.—The chamber of deputies by 84 to 64 votes rejected the proposal to revise the Belgian constitution so as to provide for universal suffrage.

Guatemala, City, April 18.—United States Minister Hunter left suddenly for home. The object of his trip is not known.

## NOT FOR THREE WEEKS

Mr. Balfour Speaks Definitely About the Boer Peace Conference.

KITCHENER ARRANGED A MEETING.

While the British Commander Refused to Grant an Armistice, He Used His Influence to Promote the Conference.

London, April 18.—The government leader, A. J. Balfour, in the house of commons made the following important statement: After two conferences between Lord Kitchener and the Boer delegates at Pretoria, Lord Kitchener, while refusing to grant an armistice on military grounds, has agreed to give facilities for the selection and meeting of representatives of the various Boer commands to consider the situation. The Boer leaders have therefore left Pretoria to carry out this plan.

Mr. Balfour added that it was not expected that a communication between the British authorities and the Boer leaders could be resumed in less than three weeks' time.

## Rev. Hertz's Version.

New York, April 18.—Rev. Dr. Joseph Hertz, who was a member of Lord Milner's high or advisory committee in South Africa and chaplain of the Rand Rifles, has arrived in this city, his former home. When the war broke out, Dr. Hertz was expelled from Johannesburg by Kruger for being an Utlander. He has since visited many of the British concentration camps in South Africa. Of these camps and on kindred subjects Dr. Hertz says: "The stories of the British cruelty toward the wives and families of the Boers in the concentration camps are absurd. It is not the fighting Boer who makes these charges, but the stay-at-homes. Why the Boer in the field sends his family to the British to take care of so that he will not be hampered by them while fighting. While there were but 9,000 children attending school in the Orange Free State before the war started, there are now 14,000 at school under the British governmental rule."

## The Howard Trial.

Frankfort, Ky., April 18.—In the trial of Berry Howard, Mrs. Lucy O'Bannon, a boarding house keeper, testified to hearing a conversation between Howard and some of his associates a day or two before Goebel was shot. Howard, she said, urged the men not to leave Frankfort, saying that the war is going to begin on Tuesday, and adding: "When I go to a meeting I stay till the benediction." Several other witnesses testified to seeing Howard armed on numerous occasions.

## Heavy Damages.

New York, April 18.—Mrs. Lottie G. Dimon, widow of Henry G. Dimon, who was killed in the Par avenue tunnel accident on the New York Central some months ago, was awarded \$60,000 damages against the railroad company by a jury in White Plains, N. Y. Attorneys for the railroads said that the defendant company admitted responsibility for the accident and the death of Mr. Dimon and the only question before the jury was the amount to be awarded.

## Assaulted By a Smuggler.

Houlton, Me., April 18.—Frank W. Burns of Fort Fairfield, a deputy collector of customs, was assaulted and probably fatally injured by an alleged smuggler at Horgedon, near New Brunswick island. The deputy had seized a team loaded with contraband goods just after it had crossed the boundary line and was driving it toward this town when he was set upon by a man and knocked from the wagon, beaten with a club and left lying in the road, apparently dead. The man drove away with his recovered outfit.

## The Cuban Bill.

Washington, April 18.—Mr. Dalzell concluded his speech on the Cuban reciprocity bill by saying the differential in the Dingley bill was placed there for the benefit of beet sugar growers. Soon after 3 o'clock the bill was read and considered under the 5-minute rule. An amendment was offered to remove the differential on refined sugar. Mr. Payne made the point of order that it was not germane and entered into an argument on the subject.

## A Shocking Crime.

Cleveland, April 18.—Albert Fienh, a wiredrawer, attacked his wife with a knife and after stabbing her many times, committed suicide by cutting his throat from ear to ear. The woman, though badly injured, may recover. It is supposed that Fienh's mind became deranged through brooding over his inability to meet a payment due on his home.

## WANTED IN FRANCE.

Louis Alfred Balensi Will Be Arrested Upon Leaving Sing Sing.

New York, April 18.—When Louis Alfred Balensi leaves Sing Sing next Saturday he will have served a six years' sentence made shorter by commutation, for misappropriating \$25,000 worth of jewelry. His freedom will be brief. At the door of the prison he probably will be served with a federal warrant charging him with the embezzlement of approximately \$1,560,000 in France. Louis Alfred Balensi, or as he is known in this country, William A. Bellwood, was born in Paris 49 years ago. In 1891, he organized the "Societe Frabcaise de Banque at de Change," purporting to do a general stock exchange brokerage business. Balensi was the managing director.

All went well for five years, when Balensi disappeared. Two weeks later the Tribunal of Commerce of the Seine declared the society bankrupt and a similar judgment was pronounced against Balensi. The investigations proceeded and finally the chamber of indictment of the courts of appeals of Paris declared on July 16, 1897, that Balensi had not only misappropriated 6,800,000 francs, but also had converted to his own use a large quantity of valuable jewelry which had been intrusted to his care.

His arrest was ordered. Balensi located in Philadelphia, where, under the alias of William A. Bellwood, or William S. Redwood, he opened a jewelry store. Early in 1897 Bellwood obtained \$25,000 worth of jewelry from a New York firm on a memorandum and proceeded to hypotheate it at one of the largest pawn broking establishments in the metropolis.

He was arrested and sent to Sing Sing for six years. It had been discovered in the meantime that Balensi and Bellwood were identical, and during his larceny trials a United States marshal hovered nearby with a federal warrant, which had been issued after an investigation had been made of the embezzlement charge in France by the United States ambassador, General Horace Porter.

## A Serious Strike.

Waterloo, Ia., April 18.—The strike situation in the Illinois Central shops here is daily assuming a more serious phase. Business Agent Roderick of the International Machinists' union, has arrived and is endeavoring to adjust matters. He states that the situation is more serious than he expected; that if the company settles the strike here the shops of the entire system may be called out. He is holding a conference with all organizations. The company has imported a few men to make light repairs and seems determined to fight it out. The unions have forced the local stores to quit furnishing goods to the company and they are shipping them in.

## Rathbone Wants Out.

Havana, April 18.—Counsel for Estes G. Rathbone, the former director of posts in Cuba, who was sentenced recently to undergo 10 years imprisonment and to pay a fine of \$35,324 for connection with the postal frauds, have filed a writ of habeas corpus asking the court to show why their client has not been admitted to bail pending the hearing of his appeal. The Post says the court has accepted the bond of \$100,000 offered by a fidelity company for Rathbone's appearance, but that before acting, he sent the prosecuting attorney to consult with Governor General Wood.

## Pair of Church Thieves.

New York, April 18.—Louis Lester and Thomas Riley, the former claiming Galveston, Tex., as his home, have been arrested with articles in their possession which had been stolen from churches. Lester has, according to the police, made a confession in which he said they had started in the burglary business at Pittsburg, making a specialty of looting churches. He estimated they had stolen valuable from the altars of more than 200 sanctuaries throughout the country.

## Proposed Steel Plant.

Marietta, O., April 18.—Representatives of Pittsburg, New York and Philadelphia capitalists are here inspecting a 500-acre tract of land which they optioned for the purpose of erecting a mammoth iron and steel industry. The representatives will make a proposition to the board of trade to locate here. The plant is to cost over \$2,000,000 and is for the purpose of supplying independent concerns. They want to be in operation by winter.

## Dewey Invited to Dinner.

Denver, April 18.—Admiral Dewey has been invited to come to Denver and be a guest of honor at a banquet which the Philippine regiment of Colorado will give to General Frederick Funston, commander of the Department of Colorado at the Windsor hotel on May 1, the anniversary of the battle of Manila bay.

## STOOD A ROUGH VOYAGE

German Imperial Yacht Encounters Stormy Seas In Crossing.

NEARLY WENT TO THE BOTTOM ONCE.

Lieutenant Commander Kaupff, Emperor William's Representative on Board of the Meteor, Tells of the Thrilling Experience.

London, April 18.—The voyage from New York of the German imperial yacht Meteor 11., which anchored off Hythe, in Southampton water, was by no means uneventful. She had plenty of bad weather, and once even the safety of the yacht was endangered. Lieutenant Commander Kaupff, Emperor William's representative on board the Meteor said: "With a strong northwest wind the yacht proceeded under her own canvas for a couple of days, leaving the steamer Scotia behind and ultimately losing sight of her altogether. During the night of April 3 we again picked up the steamer by night signals and on the evening of April 4 we were taken in tow until April 8, when owing to a heavy swell, the tow rope carried away. Towing was resumed on the following day, when the wind had fallen. The tow rope again parted April 10 in a hard westerly gale. On April 11, while again towing a hard easterly blow sprang up. Owing to the heavy seas, the Scotia was only just able to keep steering way. The seas broke over her continually. At 4 o'clock in the morning of April 12, the Meteor's bobstay carried away. We cut away the tow rope, hove to and tried hard to secure the bowsprit, but we found that to be impossible, and the bowsprit was ultimately carried away, seriously endangering the safety of the yacht and all on board of her. We managed, however, to receive the spar. The weather became so bad that we were obliged to hove to for 24 hours. Thereafter was generally fine. We towed the rest of the way to port. The Meteor behaved splendidly and remained dry throughout the bad weather. She is a fast sailer."

## Sustains Weyler.

New York, April 18.—Lawyers of this city who are pushing various claims against the government growing out of the war with Spain and the Cuban insurrection preceding it, have received a brief on demurrer to their petitions in which the federal lawyers assert that Captain General Weyler's reconcentrado order was justifiable under the rules of civilized warfare. The plaintiffs in the case claim that while they were citizens of the United States their sugar plantations were destroyed by the Cuban insurgents. The United States government is looked to for reimbursements of agreement with Spain as to the mutual relinquishment of claims on behalf of their citizens or subjects growing out of the war and insurrection and the announcement that the United States would settle the claims of its citizens against Spain so relinquished as set forth in the peace treaty.

## Famine in Siberia.

St Petersburg, April 18.—The report received here from the famine-stricken districts of Russia more than justify the anticipations of acute suffering in those localities. Scoury and typhoid fever are devastating the peasantry throughout the whole of the Altai (highlands of Siberia) region, formerly the chief granary of Siberia. The starving people there have consumed even the last remnants of their seed grain and no spring crops have been sown. The last wheat sold in Altai fetched 2 1/2 roubles per pod, against the normal price of 16 to 20 copecks per pod.

## Examinations Ordered.

Detroit, April 18.—Justice Whelan denied the request of the attorneys of Frank C. Andrews and Henry R. Andrews, vice president and cashier respectively of the suspended City Savings bank, or a three weeks' postponement of their clients' examination on the charge of wrecking the bank. After listening to their arguments and to the objections of Prosecutor Hunt, Justice Whelan ordered that the examination be proceeded with at once.

## No Witness.

Washington, April 18.—The senate committee on the Philippines did not hear testimony because the failure of a witness to arrive. The expected witness is Grover Flint of Cambridge, Mass., who spent some time in the Philippines and who is reported to have stated that he had seen the "water cure" administered. He will be heard Monday.

New York, April 18.—The factory of Bradley White Lead company in Brooklyn was burned, causing a loss of \$100,000.

ONLY twenty out of sixty students in an English class at the Northwestern University were able to pass a simple examination in spelling, recently. There is not enough attention paid to the teaching of spelling, reading, writing and arithmetic in too many schools these days.

MAJOR WALLER's testimony that he was instructed to kill and burn in the Philippines—"the more the better"—and that the age limit was defined as "everything over ten," discloses a barbarous condition of affairs for a civilized government. That's worse than the Spaniards or even the Filipinos themselves and is a disgrace to a Christian government. This revelation is of special interest in another line, remarks the Indianapolis Sentinel. A few days ago General Miles was publicly rebuked, insulted and humiliated for casually saying that the war had been "conducted with marked severity." Secretary Root declared that it had not. Are we to understand that Secretary Root knew nothing of these Waller orders?

## PERSONAL.

—Miss Kate Ryan is visiting at Washington.

Last Wednesday afternoon Mr. James Gibbons and Miss Jessie Thompson, of Minerva, were quietly married in Brooksville.

Elder S. H. Durand, of Pennsylvania, will preach at Laytham Chapel next Wednesday at 3 p. m. and the day following at 11 a. m. and 3 p. m.

An organ recital will be given at the First Baptist Church next Thursday evening, when the public will be given an opportunity to hear the new instrument that has just been installed. Prof. Barbour, of Cincinnati, will be organist for the evening. The public cordially invited.

A string of ten new buggies drawn by a double team was a novel sight seen on Second street Friday just before noon. Thomas Lloyd, of Bethel, Ky., was in charge of them, having purchased the vehicles from Thompson & McAtee. They were all made by that firm, and were rubber and steel tired vehicles. They had been sold in the upper counties. There were three more included in the sale, which Mr. Lloyd could not take with him on this trip.

At Hillsboro, O., T. S. Beam, a prominent grocer, was going to his home the other night, and when near an alley on Beach street, was assaulted by a couple of fellows who were secreted in a dark angle of a fence, and beaten over the head with some blunt instrument. His cries brought assistance and the assailants ran off. Bloodhounds were brought into service and Ed. Delaney and Walt Wheeler, two young negroes, were tracked to their homes and arrested. Mr. Beam positively identified Delaney, and both Delaney and Wheeler were seen near the spot shortly before the assault.

### **BERRY HOWARD'S TRIAL.**

An Aged Relative of Accused Gives Damaging Testimony Against Him. Other Witnesses.

FRANKFORT, Ky., April 17.—The testimony of Mrs. Daniel Howard, of Bell County, a distant relative of Berry Howard, given at the trial of the latter to-day, indicates clearly that Berry Howard was familiar with the minutest detail of the plot to assassinate Goebel, for he told her before Goebel died that he was shot with a smokeless powder cartridge.

Mrs. Howard is an old woman, very feeble, and had to be brought to the court house in a carriage. The substance of her testimony, which she gave in a weak, querulous voice, was as follows:

"Three or four days after Goebel was shot I was staying at Sim Bailey's house, three miles from Pineville. Sim had told me that he had heard Berry Howard was the man that killed Goebel. Berry and two other men came to Bailey's house and took dinner there three or four days after Goebel was shot. I told Berry I had heard he shot Goebel. He laughed and said he did not shoot him, but he pulled three cartridges from his pocket and said: 'Goebel was killed with a cartridge like these. They don't make any smoke.' My husband was alive then, and when I told him what Berry said he told me that would make me a witness against Berry. I told my husband I would never tell anybody else about it, and I didn't, but my husband while drinking told Rankin Slusher and others about what Berry Howard said to me."

She repeated the same words on cross-examination, but when Colonel Colson asked who else her husband told she said she had told too much now, and would not tell any more. The Judge told her she must tell if she knew, and she said she was so weak she could talk no longer. She was the last witness put on to-day, and Judge Cantrill adjourned court, and it strong enough she will be put on the stand again to-morrow.

Judge Ben Williams testified that he was at the State house a few minutes before Goebel was shot and as he passed out through the front yard he saw Berry

Howard, William Culton and a stranger in close conference not far from where Goebel was shot; that Culton pointed toward Powers's office, and a moment later he and Howard walked rapidly toward the Executive Building, while the stranger ran toward the Agricultural Building; that he (Williams) walked to his office opposite the court house, and in about five minutes heard Goebel was shot.

Frank Burch, of Knox County, a member of John Powers's military company, came to Frankfort on January 25 on orders from Powers. At the time of the shooting the witness was in the Agriculture office. He said: "When I heard the shot I turned to run out the door. Berry Howard was holding the door. He said 'Son, you can't go out of here until we receive orders.'"

In a moment afterward Zack Steele said, 'There should be some one placed over the men in here.' Another suggested Mr. Howard for Captain, and he took charge.

Tom McDonald, another member of John Powers's company, said he was in the Agricultural Building when the shot was fired and corroborated Burch as to Berry Howard being made Captain.

On cross-examination he said if Howard was not in the Agricultural room at the time of the shooting he came in within a minute after. There were nearly fifty mountain men in the room. M. D. McInerney, of Kenton County, saw Berry Howard and Jim Howard in Kagin's restaurant the night of the murder. The next morning he saw Berry Howard with other mountain men in the State house at the reading of the proclamation of Taylor adjourning the Legislature to London. He heard Howard say: "We'll fix the s— of b—s when we get them up there."

Nicholas Bodkins, of Covington, corroborated all the statements made by McInerney.

Mr. Charles McMillan, who learned telegraphy under the tutelage of Mr. P. A. Williams of this city, has a position at Reading, W. Va., with the Norfolk and Western railroad, as night operator. Charles is a worthy young man and his friends here will be pleased to learn of his good fortune.

### Seek Relief!

The great proportion of women who suffer never make a serious effort to benefit themselves. The most of them go on paying no attention to their little menstrual disorders, believing they will eventually wear off. They grow worse and worse every day. At the period of menstruation a woman is peculiarly susceptible to cold and other external influences and it is also the most favorable time for the development of hidden disease germs which may be lurking in the system. Any physician knows that disordered menstruation, failing of the womb and leucorrhoea are blighting lives in almost every home. No woman should neglect herself a moment after she sees indications of female diseases. Almost instant relief can be secured by the use of

### WINE OF CARDUI

It will relieve you right in your own home. Will you accept the testimony of Mrs. Beigler and thousands of other women and really seek relief today? All druggists sell \$1.00 bottles of Wine of Cardui.

100 Chicago Street, Fort Wayne, Ind., March 27, 1900.

Your Wine of Cardui has done a world of good for me. I have used five bottles of the Wine and one package of Theodor's Black-Draught. And since I have started to use it I will not be without it in the house. It helped my sister in Toledo, who did not menstruate as she ought. She was sixteen years of age and nothing else helped her. I was in a very bad state myself before I used your medicines, but I found relief in three days. And now I feel like a new woman and do all my housework and washing, which I could not do before I took Wine of Cardui. I would be very glad to write any poor woman and tell her how I suffered before I used Wine of Cardui.

### BOARD OF TRADE.

President Duley and Other Officers Honored With a Unanimous Re-election—Directors Increased to Forty-One.

The annual meeting of the Board of Trade at the court house last night was well attended, the crowd being much larger than usually seen at these gatherings.

President Duley briefly reviewed the work accomplished by the Board heretofore, and said he was confident that still greater things could be done for Mayesville if the members of the Board would enter into the work enthusiastically and earnestly. He announced that the membership canvass had resulted in securing the names of 150 citizens who would pay a membership fee of \$2 a year to carry on the work. The list was read by Secretary-Treasurer Curran.

A motion was adopted to increase the number of directors to forty-one.

The election of officers and directors resulted as follows, all by a unanimous vote:

President—John Duley.  
Vice President—Wm. H. Means.  
Secretary-Treasurer—H. C. Curran.  
Directors—C. D. Pearce, Thomas A. Davis, J. Barbour Russell, Wm. R. Davis, John C. Everett, James Barbour, Martin A. O'Hare, John C. Adamson, C. M. Phister, J. W. Fitzgerald, E. P. Browning, Millard Merz, S. Straus, John M. Hunt, M. F. Coughlin, Frank Clark, J. Ed. Parker, Harry B. Owens, Garrett S. Wall, Thomas A. Keith, D. Hechinger, M. F. Marsh, W. E. Stallcup, C. L. ### THE LATE KEIREN LARKIN.

A Man of Heroic Courage—Lay on Battlefield of Shiloh For Hours—Shot Through and Through at Chickamauga.

The late Keiren Larkin, whose death at Washington occurred Thursday, is deserving more than a cursory notice as a man, a citizen, a neighbor and friend. No one stuck closer in any of these relations he being as true as steel in all the walks of life. His word was his bond, and no one possessed a higher regard for truth and integrity than he.

No more heroic soldier might be found. Carried off the sanguinary field of Chickamauga, shot through the lung with the largest minnie ball, he hovered between life and death for months in a hospital from which scores of dead were carried every day, not nearly so badly wounded as he, his splendid courage and endurance carrying him through. By the fortunes of war he spent a night alone upon the field of Shiloh, with none in sight but the pallid faces of the slain upon every side. His graphic accounts of perilous adventures in battle and on the deadly skirmish line would almost make a volume.

He has left the best legacy that could be devised to his sons and daughters—an honored and upright name.

### MISS MARGARET COLLINS.

Death Claims Another Resident of Mayesville—Passed Away Friday—Funeral Monday Morning.

Miss Margaret Collins, aged sixty-two, died Friday morning at 5:15 o'clock at her home on East Fourth street, from a complication of diseases. She had for many years made her home with her brother, Mr. Michael Collins, of this city. She was born in New York City, but came to this county when a child and lived here till about the age of twelve, when she went to Iowa to make her home with relatives. She lived with them for years, but at the death of Mr. Collin's wife she came to take care of his children, and acted as their mother up to the time she was taken ill. She leaves three nieces, Miss B., who is stenographer at the Pogue distillery office, Miss Hannah and Miss Kate, and one nephew—John, who is a salesman at Caproni's. She is also survived by one sister, Mrs. L. F. Nicholson, of this city, and a brother, Mr. Tim Collins, of Brooksville. The funeral will take place Monday at 9 a. m., at St. Patrick's Church. Burial at Washington.

Parties wishing to take insurance in the new Mutual Insurance Company of this city are requested to hand their names, with amount desired, to Secretary J. M. Collins within the next few days.

Col. Craddock telegraphs the Paris Kentuckian-Citizen from Hot Springs, where the editors are holding a national convention: "Stears, of Nicholasville, was robbed of \$50 in St. Louis and went back home."

Joe Honeyman, a well-known ball player, signed for Denver this season, is out of base ball for at least a year. His physicians advised him that he would permanently injure his health if he insisted on playing ball at present and advised a year's rest.

There will be no Sunday school or preaching at the First Baptist Church tomorrow on account of the unfinished condition of the new pipe organ which occupies the building. The organ recital to be given by Prof. Barbour of the Conservatory of Music of Cincinnati will be on Thursday night, the 24th, and will be free to all.

Master Henry Neal Marsh while taking a ride with some playmates on the L. and N. turntable Friday afternoon met with a painful accident. His left foot was caught between the table and the rails and narrowly escaped being crushed. No bones were broken, but he will be disabled for several days.

O. R. Wikoff, aged seventy, and Miss May Campton, aged seventy-two, were married at Rome, O., this week by Rev. Silas McMillan, of the M. E. Church. Wikoff has been married twice before and his great-grandchildren attended the wedding. The groom is a brother of A. T. Wikoff, once Secretary of State in Ohio.

### BRILLIANT NUPTIALS.

Additional Particulars of the Molloy-Hollen Wedding at Covington Wednesday.

The BULLETIN on Thursday published the Times-Star's account of the marriage of Dr. John Joseph Molloy and Miss Olive Adeline Hollen at St. Mary's Cathedral, Covington, on Wednesday morning. Additional particulars have since been obtained from one of the guests and will be of special interest to the couple's relatives and many friends in Mason. It was one of the most beautiful church weddings Covington has seen for many a day. The high contracting parties are both prominent and popular members of Covington's most select and exclusive social circles.

The bride looked a vision of loveliness in rich white satin on train, the lbertha of point lace being caught with a diamond sunburst, the gift of the groom. Her veil was of tulle attached with a coronet of orange blossoms, and she carried a shower bouquet of lilies of the valley. Leaning upon the arm of her father as she advanced down the aisle to the strains of Lohengrin's wedding march she never appeared more regally beautiful. At the altar she was met by Dr. Molloy and his best man, Prof. Albert Zahn, of the Catholic University of America, Washington, D. C.

After the ceremony an elegant wedding breakfast was served to a large number of invited guests at the home of the bride which was beautifully decorated with evergreens, palms, lilies and roses. During the sumptuous repast and forenoon an orchestra from Cincinnati discoursed most enchanting music. Many of the numerous wedding presents were of exquisite workmanship and all appropriate and elegant.

The bride is the younger daughter of Mr. and Mrs. Stephen Hollen of Covington, and was educated at Mt. Reading, O. She is a young lady of rare accomplishments and most charming personality. Well may Dr. Molloy feel rewarded for his bachelor days in securing such a treasure.

The groom is one of the leading young physicians of the State and is a native of this county, being a son of the late Peter Molloy of Germantown. As a boy he won many school honors, and graduated from Notre Dame (Ind.) University in 1884. Two years later he received the degree of M. D., from Bellevue Medical College, New York City, and in 1889 took a post graduate course in medicine and surgery at the University of Berlin, Germany.

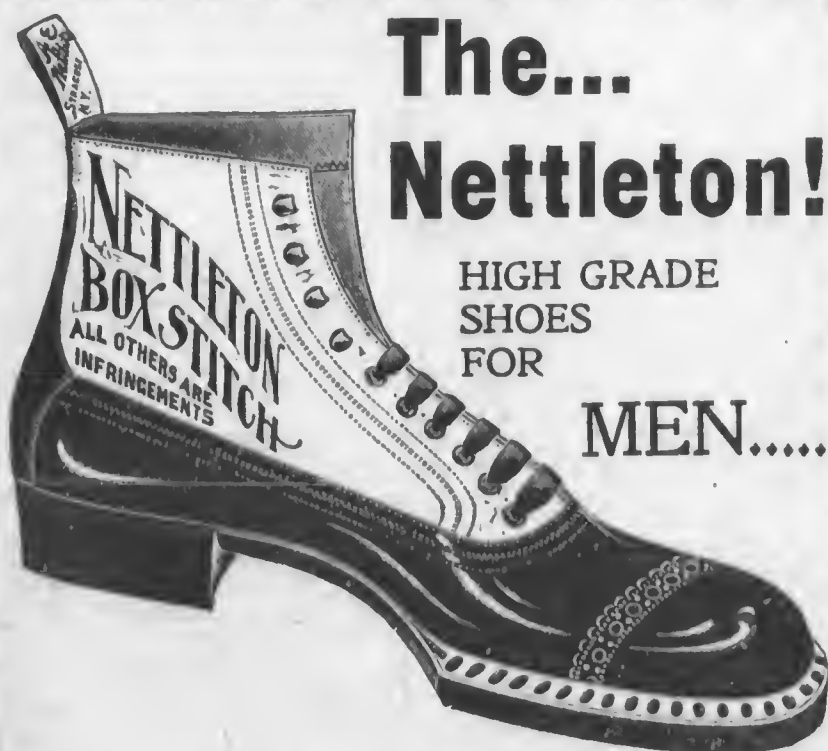

Amongst the guests from a distance were Dr. P. H. Molloy and Attorney and Mrs. L. J. Moore, of Lexington; Mr. Thomas Molloy and Miss Margaret Molloy of Fern Leaf; Hon. A. P. Gooding and daughter, Mrs. Clarence Lydick, of Mayeslick, and Mr. and Mrs. Ewing, of Chicago.

Dr. and Mrs. Molloy left on the noon train for New York City, whence they sail on the Hohenzollern for Naples, via Gibraltar where they stop a few days. They expect to reach Naples May 7th. They will tour Europe, visit the British Isles and hope to be at home to friends August 1st, at 717 Madison avenue, Covington.

Mr. Roe Nesbitt is able to be out after an illness of several days.

Ladies solid 14k. watch, studded with a solitaire diamond, \$23. Gents' solid gold watch \$25. Iron parlor clocks \$5. Set of solid silver spoons \$3.50. We're closing out this stock.
